## RENAISSANCE® BRUSHES HAVE PAINTED PRESIDENTS, FIRST LADIES, PRINCESSES, KINGS, AND QUEENS

Handmade by expert artisans, our Renaissance® brushes were created for oil and watercolor artists. These oil and watercolor brushes have a bountiful spring that makes them ideal for a variety of painting styles. They have excellent color retention for less reloading. This unique paintbrush series is handcrafted from Kolinsky-grade red sable. The hand-cupped tips are split proof, sharp, and tied to a gold-plated ferrule. This brush has a short handle that is finished with a sophisticated black varnish. Superior tools to use when creating precise, detailed work.
